1 GENERAL COMPETITION RULES

NBTA encourages its members to participate in a fair and honest way, aiming for perfection and advancement. This book provides the basic rules for each event, however the NBTA Technical Manual provides more in-depth technical help regarding the setting of routines.

Rules are only amended at the end of each year (after National Championships), in readiness for the start of the forthcoming competition year.

1.1 COMPETITION YEAR
The competition year will run in conjunction with the membership year, from 1st January to 31st December.

1.2 COMPETITION AGE
A competitor’s age throughout the competition year will be their actual age (in full years only) as at 1st September the previous year. Members may only compete in classes as per their age division. See Appendix A

1.3 COMPETITION ELIGIBILITY
Competitors must be current members of the association and have been registered with their corps, or as an independent member, before competing at any NBTA Competition. The minimum number to register as a Corps is five, one of who can be the registered Corps Director who will be responsible for all dealings with the Association. Membership must be applied for, and accepted, prior to the closing date for entries of the upcoming competition that the new member/corps wishes to enter.

There are various levels of NBTA membership available:

Guest – this offers entry to each NBTA Regional Competition on a single term basis – a maximum of 2 regional competitions can be entered. All events can be entered at relevant fees. Nationals and England Team Selections cannot be entered. There is a corps and individual fee. If applying for an upgrade to enter Nationals – qualification will only be obtained once the basic or full membership is in place. No preferential pricing will be given for NBTA seminars.

Basic – this offers entry into all NBTA regional competitions and NBTA Nationals in the following events ONLY: Struts – Basic, Military, Fancy, Poms; / Teams – Pom, Dance, Military Formation, Dance Formation (at relevant fees). England Team Selections cannot be entered. Annual membership fee for corps and individuals as set by NBTA each year. Reduced rates for NBTA seminars will be available.

Full – this offers entry to all regional and national competitions. All events can be entered at relevant fees, including England Team selections (if correct criteria met), one annual corps director’s pass per corps (and one additional pass issued per competition, in return for a clerk). Annual membership fee for corps and individuals as set by NBTA each year. Reduced rates for NBTA seminars will be available.

Professional – following successful completion and continual update of relevant judges or coaches’ courses, this offers free entry to all regional and national competitions. If still competing, all domestic events can be entered at relevant fees, plus England Team selections (if correct criteria met). Reduced rates for NBTA seminars will be available.

For information on competing levels see 1.8 COMPETITION STATUS and 1.9 COMPETITION ADVANCEMENT

Note on transfers - In respect of competition entries submitted prior to completion of transfer formalities, the member shall be permitted to compete under original registration. Members are restricted to one transfer within the membership year, prior to 30th June, at prevailing transfer fee. Any extenuating circumstances should be immediately reported to the Chairman. See Appendix C for transfer form.

1.4 COMPETITION PARTICIPATION PROCEDURES

a) Entries
For Guest Membership entries must be submitted on the official association entry forms (in alphabetical order of surname). For Basic or Full Membership entries must be submitted via the NBTA website and must be accompanied by entry fees (as set by the committee each year and shown on the entry form) in full, to be received no later than the published closing date for acceptance of entries. Dishonoured cheques may void competition entries and any bank charges will be passed on to the presenter of the cheque. Payment will be required before future entries will be accepted.
NBTA membership numbers must be entered in the relevant box on the competition entry form. All members of teams / corps including reserves (who should be identified with an “R”) must be listed on entry forms. At competitions teams will be checked before taking the floor.

A team member can compete in more than one age group (i.e. cannot compete against themselves). However, no time allowance will be made on the competition programme for costume change etc.

Composite corps entries should be entered on a separate competition entry form clearly marked Composite, including composite corps competing in selection events. The entry should be under a different name to that of any of the corps making up the composite. It must contain membership details of the individuals and indicate the corps with which they are registered.

b) Order of Appearance
Competitors will appear and perform in the order indicated on the run sheets. It is the competitors’ responsibility to check the progress of the class by referring to the order of appearance numbering system on the Judges table. Upon taking the floor, each competitor must present their valid NBTA Membership Card to the Judge and retrieve after performance. Jockeying for positions is not permitted. In the event that a competitor is due to perform in more than one arena within a short space of time, it is the responsibility of the competitor’s Corps Director or Independent member’s representative to:

i) Inform Competition Director / Control Desk of the multiple commitments

ii) Ascertain the event order of appearance priority from the Competition Director

Provided that the Competition Director has been made personally aware of the multiple commitments, competitors will be allowed up to 15 minutes between performances. This does not include teams where they are competing in multiple age groups as 1.4a.

After the designated last competitor has performed, and the judge has formally closed the class, it shall not be re-opened. Any competitor who fails to take their place on the floor in accordance with allocated appearance order without prior sanction of the Competition Director shall be deemed to have voluntarily withdrawn. Competition Director’s decision will be final.

c) Entry and Exit
Entry and exit to the competition floor must be quick and simple without music and made in a professional and sporting manner. Failure to comply will result in a five-point penalty taken from the presentation and showmanship score.

d) Costume
Except where specifically stated under event rules, there are no costume requirements other than competitors must wear a leotard or costume appropriate to the chosen event and not everyday clothing.

No underwear (including bra straps) should be visible. Costume and shoes should be clean and without holes. Hairpieces should be fully secured. Two-piece costumes are NOT allowed – no bare midriff should be visible at any point. Competitors who do not conform to these rules will incur a 2-point penalty, with the exception of struts where Competitors will not be selected for inclusion in the final.

It is permissible to change costumes between events, providing the change does not delay, or interfere with, the progress of the competition. However, competitors should not change in the competition hall. Changing rooms are available at all venues used, so please ask members to use them.

e) Batons
Batons for all twirling events must have silver shafts (not coloured). Tape must be one colour and only cover 1/3rd of the shaft.

f) Salutes – if a salute is made it must be with the two feet touching the ground in all events. In 2-baton the 2nd baton must be held in the left hand.

Baton Salute - Baton is held in the right hand with the ball at the top. Back of the right hand shall touch the hollow of the left shoulder with the right elbow pointing towards the right diagonal level with the top of the shoulder - fingers to be closed around the baton in a closed grip, rather than straight. This position must be held for 2 counts. Feet and free arm positions are optional. When salute is required the competitor must salute correctly, even if a drop occurs just previous to or during the execution of the salute.

Pompon Salute - A pompon is held in the right hand, which is taken to the left shoulder with the right elbow pointing towards the right diagonal at shoulder height. Feet and free arm position are optional. This position must be held for 2 counts.

g) Music
Music should be submitted electronically via NBTA Dropbox (address provided by Competition Secretary) prior to the competition or if not, music should be single track, on CD, i-Pod or Memory stick (no live music).

Should the music stop during a performance dependent on music e.g. dance solo, competitors should stop in position and await resumption of the music, when they should restart their routine. In other cases, competitors should continue e.g. solo twirl.

h) Ties
If necessary, ties for placings will be split on penalties and then if still tied the technique score will be used to determine the winner.

Correct as at 23rd January 2019
i) Mishaps
A mishap shall be defined as an incident hindering the performance of a competitor e.g. equipment or costume failure or illness. In the case of a mishap, timing shall continue and competitor will be unable to re-perform. In extreme circumstances this can be over-ruled at the discretion of the Head Judge and Competition Director.

j) Protection Rule
Judges who deem the competitor(s) is/are not to the standard for the section, (this may include lacking technical proficiency for the section, lacking in the routine content for the level of competition, or not having the capacity to perform at the level for the competition or demonstrating bad sportsmanship), will complete a protection rule slip, explaining the reason for their decision. The explanation slip will be stapled to the score sheet. The Corps Director will be informed prior to the presentation of the awards; however, this information should not be disclosed to the competitor/s. The Competition Announcer will confirm at the time of the awards. ‘No award to be made’, or the number of awards to be given in the relevant section. It WILL NOT be announced that a protection rule has been applied. Without exception, queries regarding protection rules should be submitted in writing to the Secretary following the completion of the competition.

k) Incorrect Result
In the unfortunate event of an incorrect result being awarded or announced at any NBTA competition, the Corps Director / Independent member will be informed. Correction will be made at the following competition/presentation. This may also be advised to the membership via Newsletter, if appropriate.

1.5 RESPONSIBILITY OF COMPETITORS, CORPS DIRECTORS & SUPPORTERS

a) Honour Code
Any falsification by or on behalf of a competitor may lead to permanent suspension from NBTA sanctioned competitions

b) Conduct
At all times during a competition, competitors, corps directors, officials and spectators are expected to conduct themselves in an orderly manner with good sportsmanship and dedication to the advancement of baton twirling. This also applies to misuse on any Social Media forums e.g. Facebook, Twirlicat, Twitter, etc. Unsporting conduct, any form of abuse (including discriminatory) or interference on behalf of, or against, a competitor may result in suspension from NBTA sanctioned competitions. See also Rule 1.6 DISQUALIFICATION.

c) Changing Facilities
At no time are males allowed in the female changing rooms and vice versa, with the exception of first aid requirements. Changing within the competition hall is not permitted.

d) Warming Up
Competitors are not permitted to warm up or practice with batons in the immediate competition area. Any competitor observed twirling in any area that is not designated for the purpose e.g. in the main hall, corridors, reception or areas normally set aside for spectators and the general public, by a competition official (committee member or judge) will in the first instance, receive a verbal warning, and the corps director/parent of the offender will be made aware of the situation. Any subsequent incident will result in the offender being disqualified and forfeiting any award/s gained. (See Rule Disqualification 1.6g)

e) Approaching Judges, Clerks and Tabulators
All matters relating to the competition should be directed from the corps director/independent member to the Competition Director.

f) Flash Cameras
The use of flash cameras in the competition hall is prohibited except at the presentation of awards.

g) Video Filming
Only video filming of own competitors will be permitted at all NBTA England competitions. NBTA reserve the right to view the film, in case of dispute and the film may be confiscated. The positioning of the camera will be at the discretion of the Competition Director. On occasion, for the purpose of video practise judging, the Technical Board, or a delegated representative, may video some classes.

Some tablets/i-pads have a very strong light when filming, which can be very off-putting for competitors, like flash photography, so spectators may be asked to switch them off.

h) Classes Requiring Verbal Commands
When a class such as command marching is in progress the need for competitors to be able to hear verbal commands necessitates that all persons in the competition hall remain seated and silent. The competitors appreciate your cooperation in this matter.

i) Accurate Publicity
Competition results must be referred to accurately by rightful names, age divisions and class titles, when dealing with the press and other persons. A competitor, parent or corps director must be accurate when passing competition results and information. For example, if a win is not in an advanced division it should be pointed out.
j) **Presentations**
When taking the floor at the conclusion of a competition for presentations, all competitors are expected to be appropriately dressed in competing costume. In addition, tracksuit tops only are allowed – tee shirts and tracksuit bottoms are not allowed. To receive an award, competitors must be in competing costume and on the presentation floor. Competitors are required to stay on the presentation floor until completion of all awards, unless prior authority has been obtained from the Competition Director. Disciplinary steps will be taken in respect of anyone not complying with this rule. A courtesy salute prior to receipt of an award is obligatory.

k) **Health and Safety**
To safeguard the wellbeing of all competitors, written confirmation of fitness to compete from a qualified physician may be requested, for anyone that has exhibited or has a history of illness or physical breakdown that could put that competitor and others at risk. The Association will not allow anyone to compete that cannot comply with this requirement. Supporters & competitors should be aware that baton twirling can be dangerous. They attend competitions at their own risk and abide by guidelines to keep themselves as safe as possible. Competitors should warm up their bodies and not attempt tricks that are too difficult, to avoid injury. Spectators should keep out and back from the marked arenas and be aware of what is going on around them. Young children should be supervised at all times and not left to wander around the competition venues.

**1.10 QUALIFICATION FOR NATIONALS**

**a) Individuals / Duets / Artistic Pairs / Trios**

The following events require qualification through regional competition: - 1-baton Solo, 2-baton Solo, Dance Solo, X-strut, Artistic Pairs, Trio & Duet.

To qualify in any of these classes, a competitor will need to gain a position in the top 50% of those that actually compete. This will also apply to classes that require to be split because of the numbers of entrants (these classes to be split at 18+ competitors). In the event of an odd number of competitors, the quota to qualify will be rounded up.

**Note:** A duet, artistic pair or trio will need to re-qualify if one of the original partnership has been substituted.

**b) Teams**

The following events require qualification through regional competition: - Twirl / Dance / Pompon / Military Formation / Dance Formation teams.

To qualify in any of these classes, team will be required to be in Top 50% of teams taking the floor at any NBTA Regional competition proceeding the current year’s National Championships.

Up to 25% of team members can be added or substituted between qualification and Nationals. If more than 25% - team/corps must re-qualify. If more than a 25% change has occurred after qualification and a team has not re-qualified, they will not be able to take up their place at Nationals. Any extenuating circumstances must be addressed to the Chairman at least 3 weeks prior to the National Championships to be given consideration.

However, the judges may enforce the Protection Rule and not award qualification, see rule 1.4(i)

**Note:** If competitor or team has already qualified, the qualification will pass to the next non-qualifier.
c) Struts
The following events require qualification through regional competition: - Basic strut (can qualify in Sunday Basic), Military strut, Fancy strut and Pompon strut (can qualify in Sunday Pompon).
To qualify in any of these classes, a competitor must compete in each class at least once preceding the Nationals (these classes to be split at 50+ competitors).

1.11 QUALIFIERS NON-ATTENDANCE AT NATIONALS
Anyone not taking the floor in qualifying event at Nationals may jeopardise entry in this event for the following year. All decisions in respect of non-attendance of qualifiers will be at the discretion of the Executive. It is not acceptable to pull out of some events and not others, without good cause.

1.12 COMPOSITE CORPS
a) In addition to European / World selection events already catered for in our rules, Corps can combine with Corps to form composite teams for the following events, at Regional and National competitions: - Twirling Corps / Pompon Corps / Military Formation Corp / Command Marching.
b) It will be a requirement for any composites to enter under a different name to that of any of the corps making up the team. A separate entry form will be required – clearly marked and indicating that it is for a composite team. It must contain membership details of the individuals and indicate the corps to which they are registered. A maximum of 3 corps can combine. A corps can only combine once and this combination (composite corps) will be eligible to enter all large corps events.
c) All requests for composite teams have to be submitted to the Secretary by the 1st June of the current competition year for approval.

1.13 EUROPEAN / WORLD SELECTIONS
Current WFN BTA World / NBTA European rules will apply for selection competitions.
a) All competitors must be current members of the NBTA and compete at a level no lower than intermediate in the event they are wishing to enter.
With the exception of large corps, teams and duets, members must qualify for the current year’s National Championships in the event they are entering for England Team Selections. If there is a valid reason for the member not being able to compete in the event at Nationals (due to work or study commitments etc.) this may be accepted after written notification is sent to NBTA Contest Secretary.
b) For large corps events, up to 25% of team members can be added or substituted between selection and team declaration to Europe.
c) A competitor qualifying to represent England, including team reserves, must compete at a status level no lower than Intermediate for that event at any future NBTA Competition.
d) All selection competition entrants must have attained the current European level requirements.
e) Composite duets, corps and teams will be allowed. Members from different corps can combine. An independent member constitutes one corps. Maximum of three corps can combine. A corps can only combine once and this combination (composite team/corps) will be eligible to enter all team/large corps events. All requests for composite teams have to be submitted to the Secretary by the 1st June of the current competition year for approval.
f) Any competitor selected as an England team member or reserve, who does not take up their place/s or attend the relevant training sessions and compulsory competitions upon selection will be de-barred from entering any Selection event the following year. Any exceptional circumstances, i.e. serious illness, should be reported to the International Technical Co-Ordinator for consideration.
g) Teams / corps will normally be selected for England team at Nationals.
Individuals & Duets will normally be shortlisted for the England Team at Nationals. Final selection will be a accumulation of the competition results. Member/s with the lowest rating from these events will take up the reserve position in the squad. The two exceptions to this rule are the National winners of Champion of Champions and Senior Advanced X-Strut (Lloyd Memorial winner) who automatically receive they place in the England Team for the following year.
h) Routines set to own music must not be as performed previously at any European/World Championships and should be the one going to the following year's European/World competition (music and content). Any individual or team that performs a routine that has previously been performed at European/Worlds, will not be selected.

Correct as at 23rd January 2019
i) Upon selection, a series of Twirling Academy sessions and competitions will be put into place – these events will be compulsory for anyone who has been selected. Non-attendance will result in you not being allowed to take up your place except in exceptional circumstances to be reviewed by the Technical Board. The place will be offered to the next highest competing competitor.

j) All those selected must hold a valid UK Passport for the time of travel.

1.14 COMPLAINTS PROCEDURE

E.g. Dance Team 1 competitor @ 15yrs old, 1 @ 10yrs, 2 @ 13yrs and 2 @11yrs, as at the preceding September 1st = Total of 73 years. Six members in routine = 73/6 = 12.16 = 12 = Junior

2 BASIC STRUT

Age Divisions  See Appendix A

Competition Status  See General Competition Rule 1.8

Competition Advancement  See Competition Rule 1.9

Music  Standard NBTA strut music will be used

Area  Competitors will strut in a square to the left at all times, although finalists may also be asked to strut to the right.

Costume  See General Competition Rule 1.4d). Leotards without skirts, frills, hankies, tails etc. must be worn. Trousers are allowed for male competitors only. Competitors not conforming to stated requirements will not be selected for inclusion in the final.

Definition
Basic strut is just what the title implies - basic strutting without footwork, i.e. leaps, lunges, back steps etc. Upper leg at a 90-degree angle to the body. Knee angle should be at an angle of 90 degrees. Forward motion with head facing front at all times is compulsory. Baton shall be carried in right hand, over arm, cradle position (baton to be held like a pencil, near the ball with thumb and first two fingers grasping the shaft. The shaft should lie in the crotch of the hand) Arms should swing forwards to shoulder level alternately, using opposite arm to leg. Competitors must ensure that they march into and out of the corners, in a sharp manner with no fancy arm or leg movements, ensuring that they maintain the swing of the arms whilst doing so.

Competitors should present a pleasing personality and from “attention” should march in a follow-the-leader manner.

Judged on - a comparison basis, taking into account timing, posture, correct execution technique, smoothness and appearance. A positive approach shall be used to select finalists. Finalists are selected to re-strut, rather than eliminating non-finalists. Competitors who can demonstrate the ability to stay in step with the music - left foot on the heavy beat - will be given preference to those with timing problems.

3 MILITARY STRUT

Age Division
See Appendix A

Competition Status
See General Competition Rule 1.8

Competition Advancement
See Competition Rule 1.9

Music
Standard NBTA strut music will be used

Area
Competitors will strut in a square to the left at all times

Costume
See General Competition Rule 1.4d).
Military-style hats must be worn; skullcaps and fascinators are not considered to be military style hats and should therefore not be worn. Hats must stand up off the head by 2” and cover the crown of the head. A military skirt, military dress or skirted leotard must be worn. Skirts should be a continuous piece of material the same length the whole way around with a minimum length of mid-thigh and the maximum just below the knee. Trousers are allowed. Competitors who do not conform to stated requirements will not be selected for inclusion in the final.

NOTE: Lobs have been taken out in Peewee & Beginner classes to give the competitors chance to concentrate on their precision and timing. Any competitor wishing to do lobs should enter Novice section.

Definition
Competitors should march in a sharp military manner whilst using arm beats with the baton. The upper leg should be at a 90-degree angle to the body and the knee angle should be a minimum of 90 degrees. Slight lower leg extension is desirable. The baton should be held by the ball in the crotch of the right hand, with the shaft at an upward angle to the right between off centre (vertical) down to 45 degrees. Once strutting has commenced, the shaft should not touch the arm. The left hand should be on the waist at all times, with a straight line from the elbow to the tip of the fingers. Both elbows should be pointed to the sides. The arm beats should be sharp. On the left foot (heavy beat) the right hand executes a beat level with the eye / nose. On the right foot the beat is executed down by the right hip. The sequence of the right hand should therefore be hip, eye / nose / eye, hip. The right upper arm should not move. Competitors should march into and out of the corners which should be executed without fancy footwork, but with the front then back anti-clockwise baton lobs, with the right arm straight up, elbow locked. After the lob corner, the baton should return to nose on the first left step. From “attention” Competitors should march in a follow-the-leader manner, with forward motion at all times and no slow step.

Judged on - a comparison basis, taking into account timing, posture, baton control, military bearing and appearance. Facial expressions must be stern and military. A positive approach shall be used to select finalists. Finalists are selected to re-strut rather than eliminating non-finalists. Competitors who can demonstrate the ability to stay in step with the music (left foot on the heavy beat) will be given preference to those with timing problems.

Performing area is approximately 30’ x 20’

Costume

Definition

1. **Floor Pattern** - Competitors shall perform individually within the prescribed floor pattern once only. Starting point shall be at upper corner of arena to judges left. Direction of pattern shall be as diagram above. The 5th leg shall not extend beyond the borders set by leg 1, although finish shall be at any point within designated area.

2. **Basic Strut Portions** - A minimum of four forward consecutive steps of basic strut shall be executed during four different intervals of the floor pattern, on the first leg, second leg, third leg and fifth (final) leg. They shall be performed immediately after opening salute and on the first steps forward on the other specified sections.

3. **Baton Work** - From first movement to ending salute, no more than two revolutions in one hand, without a pass or dead stick movement, are permitted in the strutting routine. Loops, swings and slides are allowed. The baton must be in full-hand grip, in one hand or the other at all times throughout the strutting routine.

4. **Floor Contact** - No part of the body other than the feet comes into contact with the floor, intentionally or unintentionally.

5. **Timing** - A zero score in timing will be given if the Competitor is out of step on one or more segments of the floor pattern. When a score of zero in timing is given, the penalties for out of step shall not count when computing the score. (Other captions should receive scores) Competitors will not be disqualified.

Feature moves, during which the left foot intentionally hits the offbeat of the music, are not considered out of step. Competitors must follow any off beat (intentional out of step) feature move, with re-establishment of ability to again hit the accented beat of music with the left foot, or an out of step penalty will be assessed per violation. If a Competitor does not correct themselves within eight counts of being out of step, an additional out of step penalty will be assessed. Penalty will not exceed 0.5 per eight counts out of step.

If the music stops, Competitor should stop strutting and the stopwatch will be stopped.

Timing

See Appendix B. Penalties will be assessed beginning with opening move and will therefore include any violations before the salute.
